DETAILED ACTION

Allowable Subject Matter

1. Claim 1-2 and 4-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: Independent claims 1 and 7-9 added the limitation of previous claim 3 that requires that N be 2 or more. This limitation was objected to in the previous office action as allowable over the prior art. None of the cited uses a difference of N summed previous and N summed current frames (where N is 2 or more). In particular, Wallace teaches the use of difference frames but only a single current frame and a stored reference frame. Furthermore, claims 4-6 depend from claim 1, and thus are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
 - Brodsky, US 2005/0058323 – differences in single images using a reflected light pattern.
 - Breed, US 2007/0154063 – differences single images of reflected light.
